TOWN CLEANUP CREW - A group of willing workers gathered at Elk Point Municipal Library on Wednesday afternoon, where they received gloves and garbage bags and where Mayor Lorne Young, second from right, suggested areas for each group to tackle. A group from Elk Point Baptist Church was already cleaning up the industrial park, and the Elk Point Elementary School students had already completed their schoolyard cleanup during school hours.

Five in race for vacant council seat

VICKI BROOKER
Review Staff

Five Elk Point residents have thrown their hats in the ring for the town council seat left vacant by the resignation of Sherry Bower Gagne in late March.

Bower Gagne, formerly a Family School Liaison Worker at F. G. Miller High School, moved to Lloydminster to assist with the increased needs of her aging parents.

Former councillor Bernice Capjack and resident Henry Botting, who were both on last October's general election ballot, and three first-time contenders, Sherry Oszust, Jason Boorse and Tim Smereka, all filed their nomination papers prior to the noon deadline last Tuesday.

The by-election will take place on Tuesday, June 12, with voting from 10 a.m. to 8 p.m. at the Town Council Chambers, with an advance poll set for Tuesday, June 5 from 4 p.m. to 8 p.m., at the same location.

Elk Point and District Chamber of Commerce was swift to respond when nomination results were made public, and will be holding a candidates' forum on Wednesday, May 30 at 7 p.m., in the Seniors' Recreation Centre, to give voters an opportunity to meet the candidates and hear their platforms.

Health regions need realignment to better serve needs of smaller communities

VICKI BROOKER
Review Staff

Two members of the Elk Point and District Interagency Health and Wellness Committee attended recent meetings with Alberta Health Services and the Lakeland Communities Health Advisory Council and reported their findings at last week's meeting.

County of St. Paul Division 2 Coun. Kevin Wirsta visited the April AHS meeting and said there is a need to realign the areas. "Taking the cities out of the equation and realigning the services would help smaller communities," he said. "They expect us to drive two hours for services, but the highway runs two ways," and if specialists could schedule visits to rural locations, additional patients could access the care they need during that visit without traveling long distances. Wirsta also said that many older hospitals need refurbishing to prepare them to provide additional services,

such as specialization in one type of healthcare.

Elk Point Healthcare Centre integrated site manager Kristen Peleshok said Elk Point, a part of Area 8, with Bonnyville, Cold Lake, Two Hills and St. Paul, is "a drop in the bucket" compared to the size of AHS' North Zone. Elk Point did get six new beds in long-term care and one for home care, but agreed that in the zone, "everything goes to Fort McMurray, because they're a city. I truly believe that realigning would help."

Asked what specialization Elk Point would be suited for, Peleshok said, "we take the waiting placements people, and when they see our facility, many of them want to stay here where there isn't such a long waiting list. All the hospitals are bursting at the seams, and while this isn't a good claim to fame, it helps our occupancy levels."

Mayor Lorne Young was unable to attend the AHS meeting but did attend the Health Advisory Council

meeting, and "It was a good session. There were two ladies there from the Northern Physician Recruitment who told us that Cold Lake and Lac La Biche are each looking for four more doctors, and Elk Point and Smoky Lake one each. It appears there is some interest in our position, and we're still looking; the county and town wrote joint letters and we want to know how to promote the opportunity to make it happen." He noted that Parrish Tung continues to be Elk Point's representative on the Health Advisory Committee.

Peleshok noted that Elk Point's emergency department numbers are increasing and that a lot of people from other communities are starting to visit doctors in Elk Point. While Elk Point is still waiting for a third doctor, nursing staff levels remain constant, with a locum RN coming in for the summer months to cover vacations. Home care positions are now filled with experienced people and one long-term care position is currently open.

GOOD CORPORATE CITIZENS - Elk Point's Cornerstone Co-op manager Bob Ellacott hands out bags and safety vests to his employees, who played a huge role in Wednesday's clean-up for the second year in a row.

Interagency

(Continued from Front Page)

Approval has been given and three quotes have been received for renovations to the locum suite, Peleshok said, for painting, floor replacement and GFI installation. The furniture in the suite is of good quality but there is more than needed and the surplus will be removed, she noted.

The Healthcare Auxiliary has expressed interest in helping with the cost, and other groups would be welcome to assist as well.

On behalf of the town, Young said that the town clean-up would take place the following day, and that the annual back alley clean-up, when residents can put out extra yard debris, etc., for garbage pickup, will take place May 22 and 23. The county and town are partnering to accept fridges and deepfreezes at the transfer station from May 14 to 26 free of charge, He also told the committee that preliminary work is now underway on the bulk water station, and that the

RCMP detachment is nearing completion, with no opening date yet.

Terry Shankowski said that the County of St. Paul and Elk Point FCSS assisted over 230 residents, over 80 of them from Elk Point, with their income tax preparation this year. Seniors' Week is coming up June 3 to 9, and FCSS will host their annual barbecue at the Seniors' Centre on June 5 from 11 a.m. to 1 p.m.

A Babysitting course, for ages 11 to 15, will be held Friday, June 29, and Home Alone, for ages eight and up, on Tuesday, July 3, both at Elk Point Outreach School. Bookings are coming in steadily for the seniors' bus trips, with the next trip, on May 29, going to Fort Edmonton Park.

FCSS has a busy summer planned. Twelve locations across the county will host drive-in movies again this year, with Elk Point's on July 1, while Ashmont and Mallaig will hold colour runs, Westcove a beach volleyball tournament, Ferguson Flats a science afternoon and Elk Point a scavenger hut on Aug. 17

ON THE HUNT for downtown debris as both adults and youngsters took part in the Town-Wide Cleanup on Wednesday, in preparation for a busy summer.

Records fall at 2018 SPAA Track and Field

GRANT DEME
Review Contributor

Regional High school played host to the SPAA track and field finals on Wednesday, with new records being set left and right.

Athletic director for Regional Hank Smid said the students showed up to conquer.

"We were quite pleased with our athletes performances. They worked hard, and for the most part we were quite successful."

Smid said the school had 60 students, and 49 of them are advancing to zones, which take place May 23rd in Lloydminster. After zones comes provincials in Red Deer, June 1st and 2nd.

Six students from Regional left the meet with seven new SPAA records: Brooke Skrypichayko (Discus Throw 1 kg Intermediate), Daniel Hebert (100 Meter Hurdles 84 cm, 33"), Alanna Mounce (Girls 14-19 100 Meter Dash Intellectual AMB Open, Girls 14-19 200 Meter Dash Intellectual AMB), Tyler Mcaliffe (Boys 14-19 200 Meter Dash Intellectual AMB Open), Parker Lumby (Boys 14-19 300 Meter Hurdles 84 cm, 33" Boys 14-19 300 Meter Hurdles 84 cm, 33" Open), and Henri Laidley (Pent: #3 Boys 14-19 SP 6 kg OPE).

F. G. Miller student Brayden Fairbarin also set a new SPAA record in the Boys 14 to 17 Javelin Throw, wit a distance of 47.83 metres.

Smid said Mounce's two records shows hard work pays off.

"It's her second year with us in track. She works really hard and competes and is doing really well."

A sizable lead in the 200 meter dash allowed Mounce to still claim a SPAA record after a misstep towards the end.

"In the 200 she fell right in front of the finish line and hurt herself pretty good, but managed to pick herself up and finish that race," Smid said.

It's important, Smid explained, to not focus solely on the record-setters and first place finishes.

"Track is tough because you have 60 kids competing, and you have kids who didn't advance, and you kind of only give accolades to the ones who did."

"But all those kids whether they

advanced or not, contributed to the team and got them points for their high school team. We give accolades to those who finish first second or third, but it's those kids who finish fifth through eighth that get us big points for our school," Smid continued.

"That's the message we want to give to our kids: You're not always going to win, but you always try your best, and that's what's important."

Results are as follows:

In accordance with Section 311(1) of the Municipal Government Act, notice is hereby given that the 2018 Combined Assessment and Tax Notices have been prepared and mailed **May 18, 2018**, to all taxpayers.

Ken Gwozdz
Chief Administrative Officer
May 18, 2018

**JUNE 4 - 8, 2018
SENIORS WEEK
CELEBRATIONS**

You are invited to join us in celebrating our seniors during our Seniors Week celebrations. The County of St. Paul FCSS will be providing hotdogs, refreshments and ice cream in your community during the week of June 4th to 8th. All gatherings will take place at your local Senior Center.

**HEINSBURG SENIORS
JUNE 4th**

**ELK POINT SENIORS
JUNE 5th**

**MALLAIG SENIORS
JUNE 6th**

**ASHMONT SENIORS
JUNE 7th**

All BBQ's will be held at local Seniors Halls.

Between
11am - 1pm

Thank You

We would like to thank the
Fire Fighters for their efforts on
April 27, 2018.

Also, thank you to our family,
friends and the Community, for the
support and comfort offered.

Sincerely,
Jay, Jackie, Shaidel,
Katrina and Zaiden

EDITORIAL

Float your boat, but safety first

Although this year's North American Safe Boating Awareness Week is now half over, a message we received from, the Honourable Marc Garneau, Minister of Transport, shared important tips for recreational boaters, with our own additions, that still apply for every time you go out on the water until our lakes are frozen, hopefully many months from now:

Make sure everyone wears an approved lifejacket or personal flotation device that fits properly. And wear it - don't just "have it in the boat in case you need it" because that moment of need could come up quicker than it takes to put your lifejacket on.

Do not operate a boat under the influence of alcohol or drugs. It's every bit as illegal as driving down the road when you are impaired, and you could be charged.

Carry proof you are able to operate a motorized boat. It's just as important as carrying your driver's license.

Have the required safety equipment for your boat, such as paddles, a bailer to remove water, flashlight, buoyant line, anchor, etc. A first aid kit, in case you get stabbed with a fish hook, and a fire extinguisher are also good items to have aboard, and so is a whistle or an air horn to call for help.

Dress for the weather and check the forecast before heading out. You don't want to be caught at the far end of the lake when one of those innocent little clouds decides to let loose with a downpour, and your raincoat is in the trailer at the campground.

Share your day's boating plans with someone on shore so they can get help if you do not return on time.

And, it's also a very good idea to top up your gas tank every time you head out. The perfect fish may take longer to track down than you think.

RECREATION CORNER

June gets off to a busy start

RECREATION@ELKPOINT.CA

Review Contributor

On June 2nd is the annual car show and community garage sale. If you wish to have your sale highlighted on the Town's website & social pages email recreation@elkpoint.ca with your address and hours of your sale.

After a fun filled day of selling and viewing the cars, come out to the 1st Annual Elk Point & District Chamber of Commerce Spring Fling! The beer gardens and dance will get underway at the arena at 9 p.m., featuring the band County Express. Tickets are available at the door or advance at Servus Credit Union, Elk Point Review, RONA, Property Plus Realty and Knotty Boyz. Chamber members can receive a 2-for-1 coupon if they contact president Terri Hampson.

The following day is the annual Seniors' Week kick off pancake breakfast. Bring a friend, and the family to enjoy breakfast on the town and county at the Seniors' Centre from 9 to 11 a.m..

Canada Day is fast approaching and some of you have received our sponsorship requests. Please have a look and if you can sponsor the event we would be greatly appreciative. We also need some volunteers for certain events and a group who would like to run the dance and make some money. Call or text me at 780-207-5898 if you are interested.

WAY BACK WHEN...

Sign for all seasons, back to square one, crime prevention

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND ELK POINT REVIEW FOR THE WEEK OF MAY 22 IN...

1988

The future was theirs for F. G. Miller's Class of 1988, with Christine Wozniak and Darwin Roscoe introducing each student as they came forward to receive school pins and scrolls, and Ken Hanson giving the valedictory address at their graduation, while class presidents Bryce Lorensen and Tracy Ewasiuk expressed thanks "from the kindergarten class of '75-'76". The province was not prepared to offer a drought-aid payout to farmers to help offset losses in the previous crop year.

1993

F. G. Miller's students union, students, staff and Board of Education all played a part in creating a handsome 'sign for all seasons' in front of the school, a group of students, under the direction of teacher Blaine Easthope, bringing a design by teacher Leonard Franko to reality. Recreation was high on town council's agenda, with increased user fees for the Community Services gym, soccer field and ball diamonds, and the ratification of agreements to supply water to the Golf Club and for the Golf Club to do maintenance at the Recreation Park.

1998

Town council went back to square one in their efforts to annex three parcels of land from the County of St. Paul, when they discovered that their mid-1997 letter indicating their intent to do so had never been submitted to the Municipal Government Board. Ten members of the Elk Point OORP raised \$2,050.05 for the Purple Cross fund at the Alberta Elks Walk-a-thon in St. Paul, Mary Kinjerski receiving a trophy for bringing in \$1,255, the most for any lady in the event.

The Elk Point Review publishes a variety of opinions as a contribution to debate on matters of public concern. Unsigned editorials express the view of this newspaper's editorial board which includes the Publisher and the Editor. Signed pieces express the view of the individual writer.

2003

Elk Point's Partners in Crime Prevention held an open house, with representation from COPS, Oil Patch Watch, Rural Crime Watch, RCMP, Block Parents, MADD and the Town of Elk Point, and honoured Kirsty Lindquist with an award for her efforts in organizing the National Students Against Drunk Driving presentation at F. G. Miller High School. Town council approved the purchase of not only a new fire truck, but also new flooring for the recently flooded public library.

2008

The town mill rate dropped, but most tax bills wouldn't, due to an increase in assessment, with the blow cushioned by drops in debenture payments and decreases in the amount of tax concessions. The town ended 2007 with a \$695 surplus and a clean auditor's report on their consolidated financial statements.

2013

Elk Point Town Council gave approval to its 2013 taxation rate bylaw May 13, voting to keep the overall mill rate in line with the last year. The residential mill rate is set at 9.996 mills and the business rate is 22.5 mills.

ELK POINT ELEMENTARY SCHOOL celebrated Education Week with a hugely successful Fourth Annual Entertainment Showcase with over 40 students from Grades 3 to 6, and two Junior High students, including these Happy Hip Hoppers.

The path to literacy begins at home

DAPHNE SCHNURER
Elk Point Municipal Library

Early interactions, such as sharing books, talking, singing and other communication helps lay the foundation for language and literacy, essential skills for success. Literacy begins at home and does not cost anything with the benefits of your FREE library card!

Download Flit: a free family literacy app!

It's never too early! Children who begin life in a learning environment are more likely to succeed in school and life. Literacy at home is essential, since parents are their first teachers in their early years.

Reading at home can make a huge difference.

Elk Point Municipal Library has some exciting events coming up!

The Friends of the Library's garage sale takes place on Friday, June 1, 10 a.m. to 8 p.m. and Saturday, June 2, 10 a.m. to 5 p.m. Donated items are welcome and all profit will be going toward new children's and junior books.

The library is also hosting a Family Fun Day on Wednesday, May 30 from 4 p.m. to 7 p.m. There will be games, as well as free hotdogs and books! You won't want to miss it!

Watch for details on the Summer Reading Program.

LIBRARY SUPPORTER - ATB Financial's Elk Point Branch manager Carla Ganske presents library manager Daphne Schnurer with a \$1,500 donation toward the library's new mobile shelving.

New season begins at Fort George and Buckingham House

VICKI BROOKER
Review Staff

Fort George and Buckingham House

Provincial Historic Site is now open for the 2018 season, and has a new programming concept this year.

Rather than the traditional events, such as the Saskatoon Festival and Bushcraft, which last year were combined into a two-day event and "drew less visitors than when either one was a one-day event," program coordinator Ross Stromberg says, "We're doing experiences - one and a half hour events that can be booked for when you want to visit."

You can have a picnic with Mr. Bear, or go on a geocache history hunt with a provided GPS or your Smartphone, for instance.

Students are frequent visitors and this year, 18 school groups have booked tours. "We're solid through June," says head interpreter Wyatt Telford.

"We get very good feedback from the schools," Stromberg says. "Some of the same groups come every year for the different educational programs."

The site, 11 km south-east of Elk Point via Hwy. 646 is open daily from 10 a.m. to 5 p.m. until Labour Day.

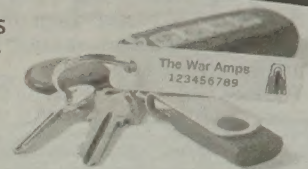

OPEN FOR THE SEASON - Interpreters (left to right) Lynn Iorio, Ashley Bristow, Wyatt Telford and (not shown) Ramsey Mudryk are all set to show off Alberta's fur trade history at Fort George and Buckingham House Provincial Historic Site.

The War Amps Key Tag Service

The War Amps returns nearly 13,000 sets of lost keys every year!

"I want to thank the person who found my keys and called the number on the back of my key tag. I received my keys back from The War Amps today by courier. You guys are fast!"
- War Amps supporter

To order key tags, please visit waramps.ca or call 1 800 250-3030. When you use key tags, you help support programs for amputees.

Dad..

If I could write a story
It would be the greatest
ever told

One of a kind and
loving Dad

Who had a heart of gold
I could write a million pages

But still be unable to say, just how

Much I love and miss him

Every single day

I will remember all he
taught me

I'm hurt but won't be sad
Because he'll send me down
the answers

And he'll always be
MY DAD ♥

Love always your Smash

The saddest moment is when
the person that gave you
the best memories, became
a memory.

Forever loved and
Always missed

In loving Memory of

Jeffrey David Classen

Jan 15, 1989- May 24, 2017

If tears could build a stairway
and memories were a lane
We would walk right up to heaven
And bring you back again.

No farewell words were spoken
No time to say goodbye
You were gone before we knew it
And only God knows why

Our hearts still ache in sadness
and secret tears still flow
What it meant to lose you
No one will ever know

But now we know you want us
To mourn for you no more
To remember all the happy times
Life still has much in store

Since you'll never be forgotten
We pledge to you today
A hallowed place within our hearts
Is where you'll always stay

Iron Horse Mini bound for Elk Point May 26

JANICE HUSER
Review Contributor

A group of 50 runners from the Lakeland area will gather in St. Paul next weekend to take part in the fifth annual Iron Horse Mini.

The race will start at École du Sommet at 9 a.m. on

ALMOST THERE - A runner heads for the finish line in the 2017 Iron Horse Mini.

FLATWORK : FOUNDATIONS : DECORATIVE : REPAIRS

May 26. Athletes look around town for the first leg of the 42 km journey. Then, runners take off toward Elk Point, along the Iron Horse Trail.

"Runners can do it solo or as a team, running different legs of the event," explains one of the event organizers Monique Poulin.

While most athletes involved have already been training for the race, registration for the event is open until May 22, for any last-minute entries.

Organizers are also still looking for volunteers to help with an aid station, and also do a trail sweeping

(which requires a side by side). Anyone interested can stop in at Ecole du Sommet on Friday, between 6 and 8 p.m. to find out more. Interested volunteers can also call Monique at 780-645-4044 or e-mail ironhors-ultra@gmail.com

"We started this event to introduce runners to off-road, pavement, trail running, and to help promote the Iron Horse Ultra 100 in the fall," says Poulin. The event gives people a taste of trail running is all about, and to help promote healthy living and trail running in the community.

Caterpillars are back, hungry again in 2018

JANICE HUSER
Review Contributor

The life cycle of an insect that has become well-known in the area over the past few years continues, with sightings of tent caterpillars being noted this spring.

Marcel Lafortune, Parks and Rec supervisor with the Town of St. Paul confirms that the caterpillars have been spotted around town. For the past few years, he says he's been spraying the bugs with a biological insecticide - BTK. When it's sprayed on the leaf, the caterpillars then eat it and typically die within a few days.

The town will be spraying for the insects again this year.

"We know they're out there," he says, adding, "We're trying to get on it as much as we can."

He adds that he has heard of people using other tricks to stop the caterpillars from eating the leaves off their trees, such as putting grease around the base of a tree. Lafortune adds that the caterpillars should be coming to the end of their life cycle.

The M.D. of Bonnyville sent out a media release last week, stating the tent caterpillars were back. The media release reminded residents that the insects are not harmful to humans or trees.

"Most trees can withstand defoliation," said M.D. Assistant Ag Fieldman Janice Boden. "The caterpillars will eat all of leaves. Most trees will see their leaves grow back later in the summer."

She adds that keeping trees watered and fertilized could help keep the trees healthy. The M.D. recommends using the same chemical that the Town of St. Paul has been using - BTK.

Boden also offered a couple tricks to getting rid of the caterpillars.

"Put an ice cream pail, with a couple of inches of water in it at the base of a tree, and the caterpillars will go in to get a drink and won't be able to escape," Boden also advises. "Or, in the morning or when it rains, they gather together. That's a good time to gather them up, put them in a baggy and throw them in the garbage."

Within the County of St. Paul, Agricultural Fieldman Keith Kornelsen says he hasn't personally noticed a lot of caterpillars this spring, and hasn't received any calls about the insects yet. One thing he has noticed is a number of spruce trees dying.

Trees

The trees in his own yard, which is located within the County of St. Paul, is what first made Kornelsen take notice. But, he's since received a handful of calls from residents asking questions, and assumes there are more people out there affected.

Kornelsen reached out to the province for some information on the dying spruce trees.

"A lot to do with winterkill," he explains. If it gets to above 0C in the winter, the spruce trees don't like the conditions. The trees will lose moisture and because of the frozen ground, they can't replenish the moisture that's been lost.

He adds that Alberta Agriculture is getting calls every day about this issue. Most of the time the tree will grow through it, but if 50 per cent of the needles are dead then it's kind of iffy. If the tree goes through a couple tough winters with similar conditions, then it could die.

Kornelsen says a similar issue can affect pine trees.

NOT A PRETTY SIGHT - Caterpillars congregate to plan their attack on local trees.

County under fire advisory

JANICE HUSER
Review Contributor

Last week, the County of St. Paul was under a Level 2 Fire Advisory. So while residents were still allowed to have campfires, other burning was being restricted.

"Safe campfires are permitted in campgrounds and in other county areas," read the post on the County of St. Paul website. "Issuance of fire permits for other burning may be restricted. Existing permits would be honoured; however, issuance of new permits may be suspended."

"Right now, the County of St. Paul is not issuing any open burn permits for stubble, grass, brush piles, etc.," confirmed Fire Chief Trevor Kotowich. "I certainly do not see that changing anytime soon, unless a significant amount of precipitation is received county wide, in the next short while. Campfires are still permitted. We ask people to keep their fires small, and to ensure they are completely soaked and doused out before leaving the area."

The fire advisory was put in place on May 14.

Spring can have a high wildfire danger because dry grass and leaves can provide fuel before new growth begins. Fire bans also occur throughout the warmer summer months depending on weather and moisture conditions. It's always wise to check for Alberta fire bans before enjoying the outdoors.

PENGROWTH

Pengrowth Energy Corporation is a Canadian energy company focused on the sustainable development and production of oil and natural gas in Western Canada from its Lindbergh thermal oil property and its Groundbirch Montney gas property. The Company is headquartered in Calgary, Alberta, Canada and has been operating in the Western Canadian basin for over 28 years.

Pengrowth's Lindbergh facility is located 25 minutes south of Bonnyville, AB. The successful candidate will live in the area or be willing to relocate upon hiring.

Pengrowth is recruiting for the following positions at our Lindbergh Facility:

Plant Operator - Thermal:

This fully qualified operations position is responsible for routine surveillance and minor maintenance activities in support of our Thermal oil operations. The candidate will have a full working knowledge of safety procedures, plant equipment, and all areas of plant operations. The position ensures maximum efficient production recovery while meeting regulatory compliance and sales specifications. The position will rotate through the control panel and all facility units, inclusive of field operations to round out coverage while enhancing career opportunities. Operating instructions are well established; however, judgement is utilized in the selection of work methods. The candidate may be required to plan and coordinate the work of contract or maintenance crews.

The successful candidate will have a minimum of 2-3 years experience in facility operations (Preferably SAGD or Bitumen Processing) and possesses a valid 3rd Class Steam Certificate of Competency. Will consider applicants with a 4th

Class that are actively working toward a 3rd Class Certificate. Competition # 70084

Facility Engineer in Training (EIT):

Reporting to the Senior Facilities Engineer in our Calgary headquarters, the successful candidates will reside locally and will work at our Thermal oil facility near Bonnyville, Alberta. This position is responsible for facility modifications and enhancements within their level of competence with oversight from senior contributors as well as capital project involvement at the field level.

The ideal candidate will have a B Sc. in Engineering and pursuing Professional status with APEGA. In addition you are independent and have the ability to work well in a team environment, can adapt to changing priorities, well organized, and demonstrates excellent interpersonal and communication skills. Competition #20523

Administrative Assistant:

The successful candidate will provide administrative support to the Superintendent and field leadership group within the Lindbergh organization. Duties may include safety administration, learning management systems, warehouse management, and general office administration. Competition #20521

Superintendent:

Reporting to the General Manager, Operations, you will act as Pengrowth's senior representative in the local Bonnyville area. You are responsible for managing the day to day activities in the geographic area, primarily our Lindbergh thermal oil operation. This position is accountable for delivery of production, operating costs, maintenance, capital, environmental, as well as safety performance in alignment with expectations set by the Pengrowth Senior Management Team. Successful candidates will have a minimum

10 years supervisory experience in the oil and gas industry and have at least one of the following requirements: a minimum 2nd Class Steam Certificate, Journeyman Certificate, P.Eng designation, Technical Degree/Diploma in Electrical, Chemical, Petroleum, or Instrumentation Engineering or Engineering Technology. Direct experience with large water treatment facility operations, power generation, plant automation, maintenance, and operations relating to large production facilities is a requirement. Competition # 20520.

Production Engineer in Training (EIT):

Reporting to the Senior Production Engineer in our Calgary headquarters, the successful candidates will reside locally and will work at our Thermal oil facility near Bonnyville, Alberta. This position is responsible for formulating and executing production optimization strategies and providing production engineering support with oversight from senior contributors to maximize economic recovery from Insitu assets utilizing SAGD technology.

The ideal candidate will have a B Sc. in Engineering and pursuing Professional status with APEGA. In addition you are independent and have the ability to work well in a team environment, can adapt to changing priorities, well organized, and demonstrates excellent interpersonal and communication skills. Competition # 20522.

Pengrowth offers a rewarding work environment, competitive compensation, a performance based bonus plan, long term incentive plan and a generous matched savings plan. If you are interested in joining the Pengrowth team, please forward your resume, quoting the competition number in the subject line, to: HumanResources@Pengrowth.com We thank applicants for their interest in Pengrowth; however, only those selected for an interview will be contacted. No phone calls please
